

LIFELOC CUSHION™

Lifeloc Cushion is a 100% urethane laminate backing system, plus attached high-density urethane cushion, engineered for heavy commercial use. Lifeloc Cushion is recommended for heavy commercial use in healthcare, corporate, and institutional facilities.

Lifetime Warranty

- Lifetime high tuft bind (wet or dry)
- Lifetime dimensional stability
- Lifetime against edge ravel or zippering
- Lifetime against delamination
- Lifetime against pilling and fuzzing
- Lifetime cushion resiliency

Superior Appearance Retention

- Enhanced moisture resistance – spills stop at the base of the tuft
- Improves appearance by absorbing traffic shock
- Lifeloc Cushion does not deteriorate with age

Environmental Impact

- Extending the life of carpet = less carpet to the land fill
- Backing scrim 100% recycled non woven scrim
- PVC free, chlorine free
- No 4PCH
- Non toxic seam sealer
- Indoor Air Quality Benefits
- CRI Green Label Certified
- Recyclable
- Exceeds industry standards

Lower Life Cycle Cost

- Lifeloc Cushion extends the life of tufted carpet a minimum of 40%
- The longer carpet lasts, the less it costs

Moisture and Maintenance Benefits

- Enhanced moisture barrier
- Passes British Spill Test
- Prevents wicking
- Improves ability to remove spills
- Helps eliminate odors

Application Flexibility

- Lifeloc Cushion is available on most patterns and styles

Enhanced Ergonomics

- Cushion under foot = less fatigue
- May improve worker productivity

Inhibits Microbial Growth

- Does not support mold and mildew growth

Installation Friendly

- Product does not inhibit pattern match
- Temperature stable

Improves Safety

- Helps to prevent serious slip and fall injuries
- Passes ADA requirements

Acoustical Benefits

- Improves sound absorption for a more quiet work environment

Thermo Insulator

- Helps keep building warmer in winter and cooler in summer
